

# **Samsung user manual galaxy 2**

**Document has moved here →**

## Your Device

## Key Functions

1. **Light Sensor** lets you use the ambient light level to automatically adjust the screen brightness and contrast.
  - In bright light, the sensor causes the device increases the brightness and contrast for better viewing.
  - In dim light, the device decreases the screen brightness to compensate.

*Note:* This function works with the Brightness setting made within the Notifications panel.

2. **Microphone** allows you to make audio recordings, voice searches, etc.
3. **Status Bar Icons** provide information about your device's status and options, such as signal strength, wireless technology, roaming, ringer setting, messaging, and battery charge.
4. **Touchscreen Display** displays all the information needed to operate your device, such as your Contacts list and the date and time. It also provides one-touch access to all of your device's features and applications.
